

Go to my.scouting.org and click on the Menu tab. There will be a drop down. Click on the Legacy Web Tools

There will be many links showing. The member with multiple ID numbers should click on the Manage Member ID tab

You will be taken to a page where you can enter an ID number based on your login. It may or may not be the ID number that is on the charter for the unit.

You must identify the Council Name-Laurel Highlands Council in the dropdown. Enter the ID number that you have and indicate if it is your primary or duplicate. The ID number that shows up may be the duplicate and you will have to switch them.
